## EXPERIENCE

### Interaction Designer

Self-employed - Oakville, ON

March 2021 - Present

Designed web spaces, brand identity elements, marketing materials, and other digital assets for a wide range of projects.

### Product Designer

Office for Sustainability, Sheridan College - Oakville, ON

September 2019 - May 2021

Designed and implemented physical and digital solutions to promote sustainability on and off campus.

## PROJECT EXPERIENCE

### Lux - Interactive Visuals (Collaboration)

April 2019

Researched, designed, and programmed an interactive installation that captures the user's hand movements and turns them into engaging graphics.

### Synesthesia - Multisensory Object (Collaboration)

December 2018

Designed, fabricated, and programmed an interactive object that reacts to the user's movements producing captivating light and sound effects.
